The dimensions shown in the tables above are considered industry standard and do not account for allowable tolerances or other manufacturer's variations.

What size butt do I have?

Simply measure the I.D. of your butt as shown in figure 1. Then use the chart to determine the butt size. Make sure to remove the ferrule and nut before measuring if your butt came with one.

What size butt do I need?

Find the ferrule that is glued to the base of your fishing rod and measure the O.D. as shown in figure 2. Then use the chart to determine the ferrule size.
